

Inspection request must be made by 5 pm the preceding business day. (530) 822-4901

Inspection requests must include the following information:

(1) Permit Number (2) Street Address (3) Type of Inspection Requested (4) Date Inspection Requested

Inspections shall be made in consecutive order as shown. Do not proceed with any work until the requested inspection is made and the status box shows an "A" for approved. The field set of City approved plans, specifications and inspection card, as well as correction notice from previous inspection, shall be on site for the inspector at the time of inspection or inspection will not be made and you may be charged a re-inspection fee. A re-inspection fee may be assessed for each inspection or re-inspection when such portion of work for which inspection is called is not complete or when corrections called for are not made.

Access for Inspection: Address must be posted. It shall be the duty of the person requesting the inspection to provide access to and means for proper inspection of the work. A person over the age of 18 must be present at time of inspection unless another arrangement has been made with City Inspection staff.)
