WITNESS TEST APPROVED/APPROVAL TO OPERATE

Congratulations! Your application to operate 7.6kW AC generation facility has been approved.

We inspected and completed a successful site test of your installation on 2/24/2025. Effective immediately, you are approved to energize and operate your solar power equipment.

Please take the time to complete the survey at the link below.

If you have any questions about this project, please contact DER Integration using our email address RenewablesIllinois@ameren.com.

Thank you for adding a renewable energy source to help meet your energy needs and ease demand on Illinois' electrical grid.

Sincerely,

Ameren Illinois DER Integration
